EDUCATION

Viva Institute of Technology

Master of Computer Applications - CGPA-

Mumbai, Maharashtra

Sept. 2024 – Present

St.john college of Humanities and Sciences

Bachelor of Science(Computer Science) - CGPA- 7.61

Palghar, Maharashtra

May 2021 – June 2024

INTERNSHIP

FullStack Web Developer Intern

jan 2025 – Feb 2025

Future Interns

- Developed a Mini CRM system using MERN stack to manage client leads, including lead listing, status tracking, and follow-ups.
- Built responsive business websites using HTML, CSS, JavaScript, and React, focusing on real-world client requirements.
- Implemented RESTful APIs and database integration with Node.js, Express, and MongoDB for secure data management.
- Improved skills in full-stack development, client communication, project pitching, and problem-solving through live projects.

PROJECTS

Client Lead Management System – Mini CRM | MERN Stack

- Developed a CRM web application to manage client leads from website contact forms with complete tracking from initial contact to conversion.
- Enabled secure admin access to view real-time statistics, add new leads, update lead status, set priorities, and schedule follow-ups.
- Built a responsive dashboard featuring lead analytics, searchable lead tables, and color-coded status indicators for efficient pipeline management.

Face Recognition | Python, OpenCV

- Developed a real-time face recognition system using Python, OpenCV, and NumPy for accurate face detection and identification.
- Implemented Haar Cascade classifiers for face detection and LBPH algorithm for face recognition.
- Designed modules for dataset creation, model training, and live face recognition through webcam.
- Improved system performance and accuracy through data preprocessing and efficient model training.

SKILLS

Technical Skills: HTML/CSS, Python, Flask, javascript, SQL, MERN, MySQL

Developer Tools: Git, GitHub, GitLab, VS Code, Postman, Figma

Soft Skills: Team collaboration, decision-making, Presentation and Communication skills, problem-solving, adaptability to new technologies.
